WELCOME TO THE SALTY DOG!

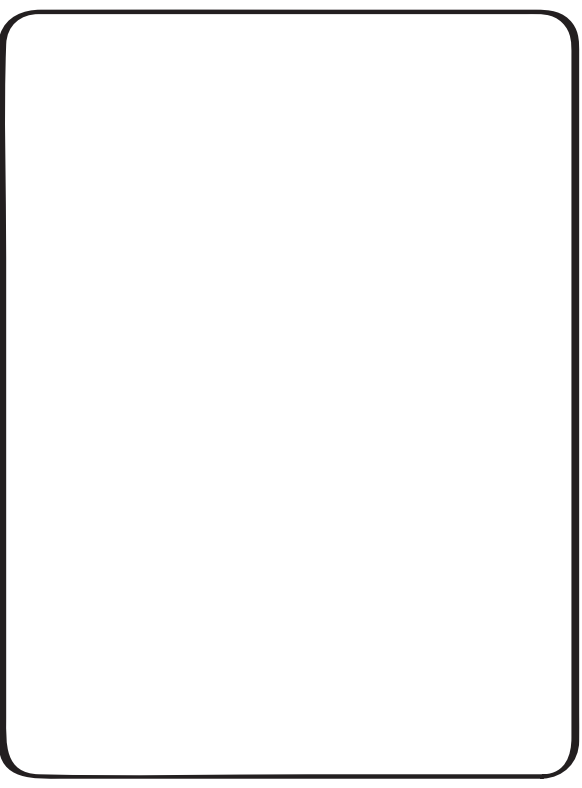

In case you hadn't heard, Jake the Salty Dog is a local legend! Jake rescued his best friend, Captain John when their fishing boat got caught in a bad storm.

Jake paddled hard for 3 days and 3 nights while John held tight to his collar, until he returned to South Beach.

Jake saved their lives!

Be sure to keep an eye out for Jake. He likes to hang out and loves to take pictures with visitors - just be sure to keep an eye on your french fries and hushpuppies, those are Jake's favorite!

DID YOU KNOW...

Bottlenose Dolphins that live off of Hilton Head are unique!

They engage in **STRAND FEEDING**. This is a method of feeding used during low tide. One to six dolphins swim up onto the mudflats bringing fish with them to eat, then they wiggle their way back into the water.

Keep your eye out for them during low tide!
